CLUB HISTORY

The formation of Kennington Football Club dates back to before 1890. The Kent County Football Association records show our existence in 1888, however The Football Association put our birth in 1885. What is not in dispute was that Kennington Football Club was the oldest junior club in Kent. Both the associations marked the fact and presented the club with illuminated addresses to mark the achievement in 1988.

Throughout most of the last century the club competed in the local Ashford and District League where the opposition was mainly drawn from village sides, together with a large number of military teams along with sides representing strong railway connections. The advent of the company sponsored teams began to emerge around the seventies. The Club has fixture cards and photographs dating back to the 1900's.

The Club took the decision to step up the pyramid into the prestigious Kent County League in the 1980's. This was an attempt to mix with stronger opposition, better playing conditions, and in turn, a higher standard of officialdom both on and off the pitch.

The Club currently fields one senior team on a Saturday. Kennington Football Club has a long established and well respected Junior Section from where many of today's squad began their playing careers.

Our step up into the Southern Counties East Football League is the result of our success in winning the Kent County Premier League. The Club entered an exciting new phase of its history for the 2018/19 campaign, ground sharing at Ashford United's Homelands Stadium, with Dan Scorer's side finishing a highly creditable third in their inaugural season at Step 6.

Kennington entered the FA Vase for the first time in 2019/20, making it through to the second round. Promotion beckoned once again as the side were top with six games remaining, prior to the season being abandoned due to the covid-19 outbreak.

Another first was secured ahead of 2020/21, with entry into the FA Cup.

Good afternoon and welcome to Homelands Park for today's FA Vase first round qualifying tie against Erith Town.

A warm welcome to our visitors; those attending for the first time this season, and a massive thank you to all those returning. Your continued support will no doubt be invaluable as the season progresses.

Today's fixture is one that marks our continued progress over the past few years. After making our debut in the Vase last season, we're keen to repeat that success and progress through a few rounds once again.

That isn't a task that will come easily though, as today's opponents, Erith Town, play their football in the SCEFL Premier Division at step 5, and look to be a club on the rise.

They come into today's game having won away at K Sports last Saturday, which was followed up by the difficult task of hosting AFC Croydon on Wednesday.

At this stage of the season it's very difficult

to judge any side based on form, with some players still working their way back to full fitness, some sides still looking to gel, and the odd player away for holidays and weddings.

We'll certainly be going into the game with great confidence however, having won our two opening league games against Holmesdale and Sutton Athletic, as well as putting in a fine performance in the FA Cup against Erith & Belvedere - who of course play at the same level as their local rivals who we face this afternoon.

These games are a great opportunity to put league ambitions to one side and often enjoy a game with new opponents - not least here at Homelands with your backing.

I look forward to seeing how we perform against a strong, well recognised outfit, and hope that we can continue to play with the same character and desire that we have done so far.

Enjoy the game, and thank you again for your support!

Dan

Erith Town

CLUB HISTORY

Formed in 1956 as Woolwich Town, the Dockers attained senior status in 1995-96 upon reaching the London Spartan League Premier Division in 1995-96.

By then the club had already changed their name to Erith Town, reflecting a move to Erith Stadium.

After one year in the Spartan Premier, the Dockers successfully applied to cross the Pyramid to the Kent League.

After struggling in the lower reaches of the League for three seasons, the Dockers celebrated the new Millennium with a then best seventh place in 1999-2000 and reached the London Senior Cup Final, losing 5-1 to Bedfont.

In the following seven seasons Erith only once reached such heights again, finishing seventh in 2003-4.

The appointment of former Fisher Athletic player Mark Tompkins as player-manager midway through 2006-7 saw an upturn in fortunes and the following season he led the team to fifth in the Kent League. He also brought the club their first silverware as a senior club as record appearance maker Alan Hanlon lifted the Kent League Cup after a 1-0 win over much-fancied Hythe Town in the Final at Folkestone.

Tommo's departure on the eve of 2008-9 lead to the appointment of Steve O'Boyle who took the Dockers back to the Kent League Cup Final for a second season. Despite drawing 1-1 after extra time

against Croydon, the Dockers went down 3-1 on penalties.

Tony Russell took over the reins when O'Boyle departed in October 2010 guiding the club to a third successive mid table finish but bringing the Kent Senior Trophy to the club after a 3-1 win over Tunbridge Wells in the Final.

Having achieved a new best of fourth the following season, Russell departed for neighbours VCD Athletic with Erith Town top of the League in November 2012 and after a brief spell with James Collins in charge, Tompkins returned to take the Dockers to new personal best of third spot.

Tommo repeated the feat in 2013-14 before departing and a turbulent 2014-15 saw three managers and a Houdini style escape from relegation under Martin and Joe Ford. Seven points adrift with three games remaining the Father and Son team saw their young side win the final three games to climb off the foot of the table.

Two further seasons of struggle followed before Mark Deveney took over the club in the Summer of 2017, immediately appointing former owner Albert Putnam as President for his work as player, manager and Chairman in over 50 years with the club.

A return to Erith Stadium for 2018-19 saw manager Adam Woodward guide the club to sixth spot, their best finish for five years, with the Dockers in tenth when the 2019-20 season was curtailed due to the coronavirus.

READ ALL ABOUT IT

THE LATEST COLUMN FROM THE NON-LEAGUE PAPER

If you're reading this, then it's good news – you're reading a football programme, an increasingly endangered species.

Like many things post-covid and in this 'new normal' there are lots of things different at our Non-League grounds now.

The National League have given their clubs the option of not running programmes this year and we've seen similar in the EFL.

In this digital world an increasing number of clubs are looking at those avenues rather than the printed page. Everyone will have their views on this traditional aspect of football match going.

But here we are, in a programme, talking about competitive Non-League football. Hopefully that is as good to read as it is good to write.

For many months now we've not had much competitive football to write about in The NLP. Yes, we had some play-off games, but the return this month of competitive football starting with the FA Cup has been most welcome.

Of course, everything around the game is different. We're all getting used to the added things we have to do. Book a ticket online beforehand, fill out a test and trace form, sanitise our hands as we enter the ground, follow one-way systems.

It's very different to what we left in March when the 2019-20 season stopped in its tracks. Players are turning up in kit, staying out at half-time for team talks – the current weather helps – and sitting apart on the bench.

But, when the whistle goes, it's back to the football we've all missed so much.

Crowds being allowed back in stadiums was a massive breakthrough. Hopefully Steps 2 and above will soon follow because all clubs

need that money coming through the gate.

From a reporters point of view, we've never covered such a fluid situation. Things changed literally by the hour. Sometimes even within ten minutes of being told one thing, another call would come through saying it was now something else. It's been a challenge!

Without crowds it would have been impossible to start the season. Then the fears for clubs as soon as the pandemic broke out would have been multiplied.

I remember one week, way back in the summer, being told four different opinions on the start date for 2020-21. One said September/October, another ventured November, someone else thought January and another, informed person, feared not at all!

Thankfully the first person's guess was correct but we all are aware it's a fine line with cases on the rise again.

Already we're getting used to clubs withdrawing from the FA Cup at the last minute because of positive tests and there will no doubt be late cancellations of games throughout the season.

We can all play our part. Help clubs stick to the crucial social distancing rules that need to be adhered to. Fill out test and trace forms and throw a couple of extra quid into the coffers.

Every little helps. Including buying this programme.

Enjoy your football!

THE 100 CLUB

RAISING MONEY FOR THE TON!

WHAT IS THE 100 CLUB?

The 100 club is a prize draw run along the lines of the National Lottery. The prizes are more modest, but the chances of winning are far greater!

HOW DOES IT WORK?

A modest subscription of £5 entitles a member's share number to be entered in the regular monthly draw. The prize is 50% of the total income. Draws are held in the clubhouse at the beginning of each month (for the preceding month's income).

HOW MUCH DOES IT COST?

£5 per month per share. You may buy as many shares as you wish. Payment can be made on a regular basis by standing order (preferred method), or alternatively by cash or cheque annually in advance. You may cancel standing orders at anytime.

Look out for monthly winners names printed above in every programme, and announced on the website and across our social media.
